1. AIMS AND OBJECTIVES

The policy aims to meet housing needs by the provision of good quality rented housing for those in housing need. In determining those needs the Association recognises those households who are experiencing some or all of the following conditions:

The Housing (Scotland) Act 2014 states we must give reasonable preference to persons in housing need:

We give points for various needs factors and these are outlined at point 15 in this policy. Applicants who do not fall within the statutory categories below are less likely to be allocated a property.

Groups to receive reasonable preference when allocating houses

- Homeless persons and persons threatened with homelessness and who have unmet housing needs;
- People who are living under unsatisfactory housing conditions with unmet housing needs; and
- Tenants of houses which are held by a social landlord and which the social landlord selecting its tenants consider to be under occupied

The first two of the reasonable preference groups (homelessness and unsatisfactory housing conditions) are subject to the applicant having unmet housing conditions. People have unmet housing needs where the Association considers them to have housing needs which are not capable of being met by the housing options which are available.

- Confidentiality

The Association will comply with the Data Protection Act 2018. The Association shall respect the confidentiality of the applicant and will follow legislation in terms of any information being disclosed to a third party or any requests for access to personal data. All information provided by applicants will be treated in the strictest confidence. Where the Board is required to discuss a case, the identity of the applicant will not be revealed.

No information about an applicant will be given to any other person unless the applicant has signed a mandate that permits this. A mandate would be required relating to each individual to whom an applicant wishes for information to be divulged to.

- If an Anti-Social Behaviour Order (ASBO) has been served on one of our tenants, a sub-tenant, or someone residing with our tenant, the Association may convert the existing tenancy to a Short Scottish Secure Tenancy (SSST).

An SSST may also be offered if an applicant or anyone proposing to live with the applicant who has been evicted for anti-social behaviour in the previous 3 years or is the subject of an ASBO.

- If the housing association is already the lessee under a separate agreement and requires to let out a property which is part of that lease then an SSST will be used, as there can be no succession offered.

- House Size

Accommodation of a suitable size as per the Allocation Policy will normally be offered.

- Under occupation

Under occupation will be permitted where either of the following criteria applies: -

Where medical reasons dictate an extra bedroom is required. Supporting documentary evidence will be required.

Where a sole tenant or couple occupies a 5-apartment property and wishes to move they can be considered for a 2-bedroom property without it affecting their points. This will help free up family accommodation.

2. EQUALITIES AND DIVERSITY

CDHA is committed to providing equality of opportunity to all persons or groups within its area of operation in every aspect of its activities. In operating this policy, CDHA will endeavour to operate within the Equality Act 2010. In line with this commitment to equal opportunities, the Association will not unfairly discriminate against any individual, household, or group on the grounds of the protected characteristics as defined in this Act: age, disability, gender reassignment marriage, and civil partnership, pregnancy or maternity, race, religion and belief, sex or sexual orientation.

This policy and any summary or information leaflet can be made available free of charge in a variety of formats including large print, translated into another language, or on audio tape.

3. SCOTTISH HOUSING REGULATOR & HOUSING CHARTER

The Scottish Social Housing Regulator and The Scottish Social Housing Charter

The Association has taken due consideration of the Scottish Government's "Scottish Social Housing Charter" and the expected outcomes and standards from that Charter in the development and implementation of this policy. The outcomes and standards that cover the remit of this policy area in particular are:-

Access to housing and support:

Charter Section 7, 8, 9 Housing Options

Social landlords work together to ensure that:

- People looking for housing get information that helps them make informed choices and decisions about the range of housing options available to them
- Tenants and people on housing lists can review their housing options
- People at risk of losing their homes get advice on preventing homelessness

These outcomes cover landlords' duties to provide information to people looking for housing and advice for those at risk of becoming homeless. These duties include helping tenants and people on housing lists to review their options to move within the social housing sector or to another sector.

Charter Section 10, Access to social housing

Social landlords ensure that:

- People looking for housing find it easy to apply for the widest choice of social housing available and get the information they need on how the landlord allocates homes and their prospects of being housed.

This outcome covers what social landlords can do to make it easy for people to apply for the widest choice of social housing that is available and suitable and that meets their needs. It includes actions that social landlords can take on their own and in partnership with others, for example through Common Housing Registers or mutual exchange schemes, or through local information and advice schemes.

4. ACCESS TO POLICY INFORMATION

Persons 16 years of age or over can make an application for housing. Applicants should complete and submit a housing application form. Applications will be assessed and pointed in accordance with the Association's pointing system.

The Association aims to inform an applicant in writing within 14 days of the application being received as to whether they have or have not been accepted onto the housing list. This may take longer if the Association is waiting on further information to be provided by the applicant.

All applications will be dealt with fairly and without prejudice. Applicants can be assisted with the completion of an application form by attending the Association's offices for an interview. Where mobility is difficult, a home visit can be arranged if within the Glasgow area, or an application can be posted if required. Other formats of this policy will be made available on request. Should an applicant require translation services to assist in making an application, the Association will make these services available.

On receipt of an application, the housing needs of each applicant will be assessed, and the application will be entered onto our housing list determined by the number of points an application has been awarded in assessing the applicant's housing need.

Housing points will generally be awarded to the undernoted categories:

- a) Overcrowding
- b) Under occupation
- c) Sharing amenities
- d) Below the tolerable standard
- e) Medical needs
- f) Local Support or Connection
- g) Risk of Homelessness

Homelessness

The Association acknowledges its duty as a Registered Social Landlord to comply with a request from Glasgow City Council to accommodate a homeless person/family under section 5 of the Housing (Scotland) Act 2001. In implementing any such request, the Association will abide by the contents of the Homelessness Protocol arrangement established between Glasgow City Council and RSLs.

Restrictions to Access

Applicants may be unable to access the housing list or be offered housing after their circumstances have been carefully assessed and one of the following circumstances are noted:

- a) The applicant or a member of the applicant's household is or has been subject to action against them or the applicant's household members, for anti-social behaviour, or criminal behaviours including drug offences.
- b) Applicants who provide false and misleading information will be refused access.
- c) Previous tenants of Cathcart & District Housing Association or another landlord who have been evicted for breach of tenancy or who absconded from their previous property could be refused access to the list
- d) Applicants fail to provide sufficient evidence to support their circumstances prior to an offer of housing
- e) Applicants have intentionally worsened their own circumstances
- f) The Association is satisfied that the information provided is not sufficient to fully assess the applicant's housing and household circumstances

The Association will carry out a review of a previous decision, which denies access to the housing list or the offer of housing if there are sufficient grounds to merit a review of the earlier decision.

Appeals on decisions or complaints about our service can be found in Section 16 Complaints and Appeals

5. TENANT INVOLVEMENT AND CONSULTATION

CDHA is committed to meeting the requirements of the Housing (Scotland) Act 2001 in all of its policies. It will involve tenants in the development of its policies and seek feedback in appropriate circumstances. It will ensure at all times that any material change to services affecting tenants in its policies will be the subject of consultation

6. POLICY MONITORING

CDHA is committed to ensuring that adequate monitoring of the implementation of its policies is undertaken. This will be achieved through regular review by the Board of Management and customer/tenant feedback surveys.

7. RISK MANAGEMENT AND ASSESSMENT

CDHA has a detailed Risk Management Policy in place and it will assess the risks to the Association in the implementation of each of its policies as part of its risk management strategy.

8. TRAINING

CDHA will ensure that staff members are properly trained in terms of their knowledge and understanding of statutory requirements and performance standards pertaining to its policies. It will ensure that appropriate staff members are kept up to date with all procedures pertaining to the implementation of policies. The Board of Management and Sub Committee's will have access to training to ensure that they can maintain a sufficient overview of the policy and procedures.

9. ACCESS TO HOUSING

- Anyone aged 16 years or over will be admitted to the housing list following which their application will be fully assessed.
- All applicants enquiring about applying for housing regardless of any individual circumstances will be clearly advised of their right to be admitted to the housing list
- A full assessment of the applicant's circumstances will be carried out and the applicant will be advised of the outcome of their assessment within 5 working days of submitting their application.

10. CHOICE AND EMPOWERMENT

As demand outstrips supply in the social rented sector, it is important for applicants to be able to make informed decisions on their housing options based on the information given to them. Information will be enclosed in the housing application form and will be available through newsletters.

To maximise housing opportunities, we will consider mutual exchanges and transfers within our own stock and assist tenants who wish to apply for moves.

We no longer have a nomination agreement with Glasgow City Council but anyone in this area can make an application to Glasgow Housing Association for any area throughout Glasgow.

We will be accountable for any suspension from the list.

The Allocation Policy will be available to anyone who wishes for a copy.

11. SUSPENSION & REMOVAL FROM THE LIST

• Suspension from the List

Applications will be suspended in the following circumstances and applicants will be informed at an early date that a suspension applies, how long it applies for, and how it can be lifted. Applicants will also be advised of their right to appeal against either a suspension being imposed or not lifted.

- If an applicant has housing debt with no repayment agreement or has not maintained the agreement for 3 consecutive months (6 month review)
- If an applicant has a history of anti-social behaviour (1 or 2 years)
- If an applicant has abandoned or neglected (1 year)
- If an applicant refuses 2 offers of accommodation within 12 months (1 year)

Where an applicant has arrears higher than one month's rent but has kept to a payment agreement for a minimum period of the previous 3 months, they will be accepted onto the list.

In relation to suspended applications due to lack of proof of circumstances. Once an applicant can provide this information, the application will be reactivated from the date of the updated information.

If an applicant with support needs refuses to have a needs assessment carried out by Social Work Department (SWD) or refuses support that has been identified or until the needs assessment has been identified and agreed support, their application will be suspended until this has been rectified.

• Removal from the List

Applicants will be removed from the list in the following circumstances:

- The Applicant requests that their application be removed
- The death of the applicant
- If the applicant fails to respond to correspondence which states within it that failure to respond will result in their name being removed from the waiting list
- When the applicant has been rehoused

12. THE HOUSING LISTS / JOINT TENANCY/ ASSIGNATION/ SUBLETTING/ SUCCESSION

The Association operates a general waiting list broken down into 5 categories:

- General Waiting List
- Transfer List
- Section 5 Referrals
- Medical Priority List
- Mutual Exchange List

General Waiting List

The General waiting list is open to all applicants who are not tenants of the Association.

Transfer List

The Transfer list is open to existing tenants of the Association.

Section 5 Referrals

The Section 5 Referral List is the list of statutory homeless applicants. The Association acknowledges its duty as a Registered Social Landlord to comply with a request from Glasgow City Council to accommodate a homeless applicant under Section 5 of the Housing (Scotland) Act 2001.

Homeless applicants who apply directly to CDHA will be encouraged to make an appointment with the Homeless Case workers at Glasgow City Council. Once they are accepted as statutory homeless by the council and have provided the required documentary evidence, their application will attract homeless points within our allocation policy.

Medical Priority List

The Medical List is open to all applicants who have a medical need. The key principle in determining access to this list is not always the medical condition but whether re-housing will significantly assist the medical condition.

We will award points on two levels for medical needs “Med A” and “Med B” Med A cases will be offered ground floor accommodation only and priority will be given to this category for each ground floor flat that becomes available.

Med B cases will be awarded a property at a maximum of first floor level and this category will be given priority whenever a first floor flat is being considered.

Mutual Exchange List

This list is administered separately from the general waiting list and any existing tenant can apply to be placed on the mutual exchange list. The Association will facilitate any mutual exchange that a tenant identifies providing it meets the criteria of the separate mutual exchange policy.

Joint Tenancy

If you wish to complete an application to add a joint tenant to your tenancy agreement, this needs our consent as your landlord, as of the 1st November 2019, as per section 12 (1) 2014 Act. The proposed joint tenant must have lived in the property as their only or principal home for the preceding 12 months before you apply for them to become a joint tenant. The 12 month period cannot begin unless we have been told that the person is living in the property as their only principal home.

Assignment of Tenancy

As of the 1st November 2019, 2014 Act, should you wish to assign your tenancy (pass your tenancy over to someone else), you must seek the landlord's consent and for the past 12 months, the property has been your only or principle home. The person you are wishing to assign the property over to must also have lived in the property as their only principal home for a period of 12 months. This 12 month period cannot begin until the landlord has been notified and consent has been received. The landlord has the right to refuse permission to assign a tenancy for the following reasons;

- We have served notice on you warning that we may seek eviction on certain grounds because of your conduct
- We have obtained an order for your eviction
- The rent or deposit or any other payment that you propose charging or any other term of the agreement you propose to enter into is unreasonable
- The proposed change would lead to overcrowding
- We intend to carry out work on the house or on the building where the house is located and the work would affect part of the house connected with the proposed change.
- Where we would not give the person, you wish to pass your tenancy to priority under our allocation policy
- Where in our opinion the assignation would result in the house being under or over occupied.

Subletting

If you wish to sublet all or part of your tenancy, this needs our consent as your landlord. As of 1st November 2019, section 12 of the 2014 Act, you must have been the tenant of the house throughout the preceding 12 months before you apply for written permission to sublet your house. If you were not the tenant throughout the whole of that period, the house must have been your only or principle home during those 12 months and the tenant must have told us that you were living there prior to the start of those 12 months.

Succession (Taking over a tenancy after the tenant's death)

The 2014 Act, as of 1st November 2019, requires the landlord to have been informed by the tenant that the person wishing to succeed to the tenancy has moved in at the time they did so.

- Unmarried partners as per section 13 (a) and (d) of the 2014 Act, must have been living in the property for a period of 12 months as their only or principal home, and consent must have been given at the beginning of this 12 month period by the landlord. The 12 month period cannot begin unless consent has been given.
- Family members as per section 13 (b) and (d) of the 2014 Act, must have been living in the property for a period of 12 months as their only or principal home, and consent must have been given at the beginning of this 12 month period by the landlord. The 12 month period cannot begin unless consent has been given.
- Carers as per section 13 (c) and (d) of the 2014 Act, must have been living in the property for a period of 12 months as their only or principal home, and consent must have been given at the beginning of this 12 month period by the landlord. The 12 month period cannot begin unless consent has been given.

13. ASSESSMENT OF APPLICATIONS

Medically Adapted Flats

We will ensure that houses with adaptations are clearly identifiable so that where appropriate, applicants who need an adapted property can be offered these properties as they become vacant. If we have no one on our list that needs such a property, we will contact other local housing providers to find out whether they have a suitable applicant on their list before we offer it to an applicant who does not specifically require it.

Amenity housing, except if specifically adapted or built for a particular age group is for those who require this type of housing due to medical or social needs. However, if there is no demand from that client group offers will be made to those applicants on the various waiting lists. Discretion will be used by the Housing Officer in this circumstance and account will be taken of the circumstances of the applicants.

We will be conscious of persons living in tenements with support needs or disabilities and will not overload a particular block with persons with a high level of support needs. This means neither the tenant nor the block will be stigmatised. If an applicant is bypassed for this reason, they will receive the next suitable offer.

Confirmation of Circumstances

Applicants must, when requested provide confirmation of their circumstances. Applicants must also advise the Association of any change to their circumstances. Failure to do so will result in the application being suspended until current proof of circumstance is provided.

Offer of rehousing

A consideration offer will be made to the applicant in the first instance until the application checks are completed and references are received. Should the application checks show that false information has been provided or that the property is not suitable for the applicant, the offer will not proceed to the next stage. Should the application checks confirm the application is correct and the property is suitable, the next stage will be for the applicant to receive the official offer in writing.

Number of Offers

If two reasonable offers of accommodation have been made and refused, the applicant will be interviewed in an attempt to better define the applicant's housing needs. Applicants will be advised that they can ask for their application to be deferred if they do not wish for an offer meantime. Suspension may be imposed for a twelve month period if it appears that an applicant is refusing offers without good reason, however, each case will be looked at individually.

Where an applicant has been rehoused under medical priority but no longer meets the criteria for the property or requires the adaptations, Section 15 of the 2014 Act allows the landlord to serve the tenant with a notice to seek recovery of the property and make the tenant an offer of suitable accommodation.

Community Care Assessments

In order to promote our commitment to effective care in the community for people with learning difficulties or mental health problems, the Association will require an applicant to agree to a community care assessment being carried out. This will specify the level of support to be provided and will specify who the support providers will be. Applicants who refuse a community care assessment will have their applications suspended as it would not be possible without other professional input to assess their ability to cope with a tenancy which could lead to difficulties for the applicant and surrounding tenants.

Applicants living c/o Cathcart & District Housing Association Tenants

Tenants are required to get the Association's permission before taking in lodgers and this could affect the tenant's eligibility for Housing Benefit. Permission will not be granted to take in a lodger if overcrowding would result. These applicants will still be accepted onto the waiting list but not from our tenant's address.

Non-traditional family applications

When assessing points, in the case of non-traditional family composition, children will be accepted as part of a household only if the court has awarded custody to the applicant, or if children normally reside with the applicant on a joint custody basis. Documentary evidence may be required.

References

References will normally be sought for current and former tenancies. A mandate will be signed by applicants giving permission for the Association to request the reference and any adverse reference received back may result the consideration of the offer being cancelled.

Anti-Social Behaviour

Applicants who have breached their tenancy conditions through anti-social behaviour may have their application suspended. Each case will be considered on its own merits and an account will be taken of.

- The extent to which the conduct is a consequence of acts or omissions of other people other than the tenants
- The nature, frequency, and duration of the conduct
- The effect the conduct is having on other people
- Steps taken by the tenant to rectify the behaviour
- Whether antisocial behaviour is current or ongoing

Clear evidence should be provided to confirm that anti-social behaviour is problematic before a suspension is imposed.

To avoid suspension, an applicant and their family with a confirmed history of anti-social behaviour should generally be able to show that their behaviour has changed for the better since the anti-social behaviour took place. It would be expected that the applicant and or the applicant's household have been receiving support from the Social Work Department and or other relevant agencies as appropriate for a length of period that has enabled them to change their behaviour and be capable of living next to others without committing antisocial acts. All persons involved in the support and any other relevant persons should be interviewed or asked for reports so that as accurate an assessment as possible can be made about whether to suspend their application.

Where an applicant or a person who it is proposed would reside with the applicant is the subject of an ASBO or has been evicted in the last three years for anti-social behaviour and a decision has been made not to suspend them from the waiting list due to an improvement in their behaviour if a tenancy is offered it should initially be a Short Scottish Secure tenancy. If no acts of an anti-social nature are committed by that household within 12 months, the tenancy will convert to a full SST.

Applicants who have their application suspended have the right to a full explanation as to the reasons for suspension and when a suspension will be lifted. They also have the right to appeal to the Board of Management.

Rent Arrears

Applicants with rent arrears will be considered on an individual basis.

All applicants should generally owe no more than one month's rent or owe the equivalent sum for rechargeable repairs or service charges. If any category of arrears is higher than the equivalent of one month's rent the applicant should have made and kept to an agreed repayment plan for a period of three months and the arrangement is being kept to. This applies to both current tenancies and former tenancies within the previous 5 years.

As private landlords are not subject to regulation in terms of good practice references should generally not be sought from them. However, where it is established that a private tenant is definitely in arrears or owes rechargeable repairs their application will generally be suspended until the above criteria has been met.

All applicants will be invited to an interview when we receive a reference stating there are arrears higher than one month or that an arrangement has not been in place for a 3-month period. Any circumstances which may have prevented them from keeping to an arrangement will be taken into account. If there are no extenuating circumstances, the applicant will be advised that they will be suspended.

Arrears due to overpayments of housing benefit, which are the error of a council, will not be taken into account.

All suspended applicants should be informed that their suspension will be lifted when the appropriate criteria are met. They also have the right to appeal to the Board of Management.

Where a tenancy has been granted and the applicant has been rehoused, the tenancy can be ended by way of court order as per section 14 (2) of the 2014 Act as of 1st May 2019, whether or not the tenant, joint tenant, visitor to the property, person residing in the property or subtenant has actually been sentenced to imprisonment. The tenancy can be ended if the behaviour has had a serious impact on neighbours or others in the community, under the following anti-social behaviour grounds;

- Using the house or allowing it to be used for immoral or illegal purposes
- An offence punishable by imprisonment which was committed in or in the vicinity of the house

If the tenancy were to be ended in this way, notice would be served on you advising that we intend to seek recovery of possession of the property. Where the tenant has been imprisoned, notice would be served within 12 months of the conviction. Under the 2014 Act, the court does not have to consider whether it is reasonable to make an order for eviction where the landlord has grounds for recovery of possession under Schedule 2, paragraph 2, of the Housing (Scotland) Act 2001. The 2014 Act changes will only apply to notices served as of the 1st of May 2019.

Where eviction is not sought by the landlord, Section 7 (2) of the 2014 Act, as of 1st May 2019, extends the circumstances where a landlord can serve notice on you to convert your Scottish Secure Tenancy (SST) to a Short Scottish Secure Tenancy (SSST). The SSST gives the tenant fewer rights and less protection from eviction and can be converted where a tenant or someone living with the tenant, has acted in an anti-social manner or pursued a course of conduct amounting to harassment of another person in or around the property in the past 3 years prior to the notice being served.

No Anti-social Behaviour order is required to have been received through the court, but the landlord must include the reasons for the conversion in the notice served to the tenant and details of the tenant's right to appeal.

Transfer Applications

Applicants from existing tenants will be accepted onto the transfer list.

Transfer applicants should generally have a clear rent account at the time an offer is made and should have no other outstanding housing debt. The condition of their property must meet our minimum relet standards.

Transfer applicants should generally have no recent history of anti-social behaviour.

If a relationship breakdown occurs in a family housed by us, we will advise both parties to seek legal advice on the entitlement to the tenancy in cases where the parties cannot agree. The person not awarded the tenancy can apply to us separately.

In cases of domestic abuse where the abused partner wishes to remain in the tenancy with any children, we will refer the other party to the homeless section of the Council. Rent arrears will not be a factor when considering an application relating to one of our tenants who is the victim of domestic abuse.

Tenants can apply for a mutual exchange with tenants of our Association, other Associations, and Councils.

Discretion

Generally, allocations will be made to the applicant with the highest points total from a particular list. Where more than one application has the same points total the application with the earliest date will usually be allocated a vacant property. However, discretion will be used by the Housing Officer to allow individual circumstances to be taken into account.

This aims to ensure that individual circumstances are treated sensitively. An example of this is where two applicants have the same points total, but one has been awarded their points for needing to be housed in that area because of support needs and the other applicant wants that particular area but has no links for it. The Housing Officer may use discretion to allocate to the person who has support needs even if their application is dated later than others with the same points. In the interest of accountability where discretion has been used the reason for this will be recorded.

14. THE POINTS SYSTEM

We award points for various factors. These are set out later in this section.

Family Support

Applicants who require to move to Cathcart to give or receive support to a friend or relative living in the area, or who require to move within the area, for this reason, should provide the Association with official documentary evidence of the support requirements. Discretion by the Housing Officer will be used in relation to the location of applicants and support providers and the reasons for the move. Generally, if an applicant lives in a different Council Ward to the person requiring/giving support this will be considered appropriate particularly if there are poor transport links. However, individual circumstances will be taken into account.

Support needs will take into account physical or mental health problems or age of the person requiring support. Extreme circumstances out with these criteria will also be considered on an individual basis.

Eligibility of Property Size

We aim to make the best use of our housing stock and the size of property an applicant is eligible for will depend on the number and make up of people on the housing application as detailed below:

Household Size	Number of Bedrooms
Single	Bedsit, or 1 double bedroom
Couple/Partners	1 Double Bedroom
Family* with 1 child	2 Bedroom
Family* with 2 children of the same sex under 16	2 Double Bedroom
Family with 2 children of different sex, and at least one aged over 10 years of age	3 Bedroom – 1 x Double and 2 x Single Rooms
Family with 3 children	3 Bedroom – 2 x Double and 1 x Single
Family with 3 children of different sex, and at least one aged over 16** years of age	3, 4 or 5 bedrooms

**A family is defined as a couple or a single parent with at least one child*

*** Children over aged 16 years of age are entitled to a room of their own*

Exceptional Circumstances

We will make exceptional circumstances to the above rules dependant on individual circumstances.

Exceptions can be made in the following circumstances:

- If there is a health, care or mobility reason for needing an additional bedroom. For example, for a carer (or team of carers) that provides someone in the household with overnight care or if a long-term condition (such as dementia) makes it difficult for a couple to share a room. This bedroom entitlement would be used to assess any priority based on overcrowding.
- If you provide foster care, or have been pre-approved to provide one additional bedroom, if required
- If someone in the household is adopting a child or has been approved in principle pending suitable housing, they could be listed as looking for a property with an additional bedroom. However, we would not make an offer of a property with an additional bedroom until their application to adopt has been approved by Glasgow City Council or any other adoption agency. This bedroom entitlement would be used to assess any priority based on overcrowding.
- If someone in the household is, or wishes to be, a kinship carer for a child or children but those children are not yet living in the household. This bedroom entitlement would be used to assess any priority based on overcrowding.
- If you or a member of your household is pregnant and can provide us with proof of pregnancy e.g. MATB1 Form
- If there is a significant age gap between same sex siblings who are sharing a bedroom
- If older same sex siblings sharing a bedroom alleviates existing severe overcrowding

Harassment/Domestic Abuse

Harassment can take many forms, including racial harassment, sexual harassment, harassment against people with mental health problems, learning or physical disabilities, or people with HIV and gay or lesbian people. People can also be harassed in their home through domestic abuse. Harassment always has a seriously detrimental effect on quality of life and at its most acute can be life-threatening.

Applicants claiming harassment should be referred to their local council's homeless section/ support agency to have their circumstances assessed.

Waiting List

The Association's waiting list is broken down into categories of house size and type. Applicants are only considered for the house type and floor level they have requested. The waiting list is reviewed on an ongoing basis on the anniversary of each application when a cleansing process takes place. Every applicant is lettered and those who wish to be removed from the waiting list are and returned letters result in the application being placed in a suspended file. If the applicant subsequently contacts us discretion is used regarding the re-introduction of their application.

Priority on List

Applications for each of the categories are placed in order of points totals. The applicant with the highest points in a category will generally be offered a suitable vacant property however discretion will be used as detailed above.

Homelessness

The Association acknowledges its duty as a Registered Social Landlord to comply with a request from Glasgow City Council to accommodate a homeless person/family under section 5 of the Housing (Scotland) Act 2001. In implementing any such request the Association will abide by the contents of the Homelessness Protocol arrangement established between Glasgow City Council and RSLs.

Homeless and roofless applicants applying directly to Cathcart & District Housing Association will be invited to make an application and advised on their ability to contact Glasgow City Council Homeless Casework Team in order that an assessment within the terms of Part II of the Housing (Scotland) Act 1987 can be made in order for the homeless applicant to have the opportunity to access temporary accommodation should that be required and determined by Glasgow City Council.

Applicants who have been assessed as being statutorily homeless (Section 5) who make a direct application to the Association and have not been referred to the Association through the Section 5 protocol arrangements will be assessed on the basis of this allocations policy like any other direct applicant. The casework team will be advised in order to assess whether a referral can be made. Applicants living in temporary furnished accommodation like hostels will be pointed in line with the pointing schedule in this policy.

The Association recognises that homelessness problems need to be tackled with more than bricks and mortar and as such have established links with many partnership agencies including; Women's Aid; Council for Housing Young People; Scottish Refugee Council; Glasgow Council for Inclusive Living.

This partnership approach includes either agency referrals or establishing lease agreements with specialist management agencies for appropriate accommodation and housing support.

The Association will assist where possible, with the lease of temporary accommodation to Glasgow City Council to assist with their provision of temporary accommodation for homeless persons. The Association will abide by the contents of the Temporary Accommodation Protocol and model lease agreement established between Glasgow City Council and RSLs.
